

things totally boring sucked im script predictable life depth scene ridiculous line
take actor man hour quite problem guess terrible everything pathetic
way entire watch lame probably everyone disappointed find joke writing best plain top wasnt
got action great lack camera mediocre found word didnt thought
involved couldnt though quality cost worth director almost fails go often
recommend embarrassing whole money absolutely storyline half least part music directing bored bit many look two low anything especially worse unfortunately shot minute stupid understand
work worst waste time kind believe anyone cant watched negative
even acting well enough used end unbelievable
suspense idea pretentious seen follow second good dont rating story
ive seen much see show avoid trash simply horrible
feeling cast big glad funny started horror rest thats people puppet mean
plot really intelligence wasted energy performance
really made never slow flick real know place let lot sure
little every theyre first screen beyond watching dialogue nothing whatever
hate performance
